The Square Heavy-Duty Recycled Plastic Receptacle by Frog Furnishings easily fits into whatever space you want to keep clean. The flat top is made from recycled plastic and has a small opening to prevent wind from blowing any waste away. The top can also be removed to access the liner. The receptacle is made from twenty-eight 2-inch x 4-inch Resinwood slats, which is one of the best options as it is made of recycled plastic material and is more durable than other kinds as it lacks bubbles within the plastic. It is available in cedar, gray, or green. Custom colors are available for quantity orders. The receptacle is environmentally friendly since it is made from recycled plastic, also making it perfect for those who are environmentally conscious. The Square Heavy-Duty Recycled Plastic Receptacle comes in a 32-gallon model.
