- Variety of color choices offered to customize the unit

This UltraLeisure Round Pedestal Table by Webcoat is a durable, classic round table on a pedestal base that can be used indoors or outdoors. The central post is made of 4-inch steel to create a square, sturdy base that is powder-coated to create a durable finish. The 2-7/8-inch arms supporting the concave seats provide superior strength and durability in a modern design. Both the tabletop and seats are coated in a thermoplastic finish that is available in your choice of bold, beautiful colors to match your venue. The powder-coated frame can also be colored in a variety of hues to help you create a space that fits with your organization or business perfectly. There is a pre-drilled hole in the center of the 46-inch tabletop so you can place an umbrella for shade and extra protection. Experience the exceptionally high quality and durability provided by purchasing this Webcoat table today.
