

ADA Accessible Regal Square WEB Table

MSRP \$1,867.00

SALE \$1,587.00

Highlights:

- Available in an in-ground or surface mount
- Tabletop overhang allows room for wheelchair use
- Hole in the center of the tabletop provides space for an umbrella
- Colorful powder coated frame and textured polyethylene tabletop and seats

With the ADA Accessible Regal Square WEB Table by Webcoat, you can make your outdoor space an inclusive environment where everyone can eat, socialize, and relax together. Featuring a square design with three-seat attachments, the table can be surface mounted or installed in-ground. The surfaces are constructed from expanded #9 metal and the strong metal WEB frame will prevent furniture sagging or warping even after long-term use. With a sturdy frame covered with a resilient powder coat paint and seats and tabletop finished with a textured polyethylene, the appearance will stand up against weather-induced damage. If you're not loving the colors shown on this page, simply call or email a customer service representative to select alternate hues. Finally, the ADA Accessible Regal Square WEB Table comes with a pre-made hole in the tabletop center to allow for potential placement of an umbrella for cool shade.
