Keep your ride safe and secure with the 2 Hoop Bicycle Rack! The Bike Rack is a beautiful way to make your business, city street, school, or park greener by making it bike-friendly for patrons and customers. Available as an in-ground mount or with a surface mount option for a direct bolt to concrete or asphalt, the 2 Hoop Rack is an elegant and simple solution to your bike storage needs. Made from five-inch OD galvanized steel pipe with black plastic cap and 1-3/8-inch OD pipe hoops, the 2 Hoop Bike Rack will hold up to years of heavy use and inclement weather. Purchase more than one for even more bike accommodation and watch your customer satisfaction skyrocket! Additional green options are available in our catalog.

For the same great bicycle rack, but with more space, take a look at our 3 Hoop Bicycle Rack.
