

Classic Square Pedestal Table

MSRP \$2,458.00

SALE \$2,090.00

Highlights:

- Metal design offers a sleek, modern look
- Accommodate your seating demands with the 3 or 4-seat options
- Umbrella hole in center of the tabletop grants room to add shade
- Rounded edges and contoured seats creates comfortable seating

The Classic Square Pedestal Table by Webcoat is a robust and space-efficient outdoor table that can be installed just about anywhere. It has a solid 4-inch beam in its center that supports the table, as well as the bench seats. This helps create a robust and sturdy foundation that will last for a long time. The Classic Square Pedestal Table comes standard with a rectangular bench seat extending from each side, but can also be ordered with one side left empty. This can let the table run alongside a wall, which is especially helpful for space-pressed venues. The table has rounded edges along the bench and tabletop, which make it safer, more comfortable, and more visually appealing. A textured polyethylene coat covers the tabletop and seats while the frame is painted in a powder coat. Both finishes come in a neat mix of color options to choose from to blend in with your environment.
