

Single Entry Bicycle Rack

MSRP \$505.00

SALE \$425.00

Highlights:

- Classic bike rack design
- Comes in three different lengths
- Wide bottom to catch the front wheel
- Choose between in-ground or portable mounts

This charming and elegant Single-Entry Bike is the perfect solution for coffee shops, parks, and schoolyards. The growing number of cyclists will appreciate secure parking spaces, which will increase your business's foot traffic. The Single Entry Bike Rack allows use from one side and is perfect for tight spaces close to walls. Available in three different sets of dimensions, with portable or permanent mount, this bicycle rack is robust for commercial use being constructed from 1-5/8-inch galvanized pipe frames for weatherproof storage and support. Each rack measures two-feet wide, and two-feet, nine-inches high. The five-foot model ships UPS Ground for affordable shipping! Your cyclists will love it.

If you have space for a double-sided rack, take a look at the Double Entry Bicycle Rack.
