Add a bit of fun to your home or indoor playground space with the 7-foot Deck Height Straight Tube Slide - Slide and Supports Only. Designed to fit onto an existing structure, it can make a boring journey much more fun. The entire slide is made up of thick rotationally molded plastic sections, allowing each piece to be any of our plastic colors, or even clear! Wherever you are trying to put the slide, it is sure to blend in or stand out as much as you want it to. The slide is supported by three powder coat painted galvanized steel supports that are tough enough to handle the weather outdoors or give you peace of mind indoors. This commercial grade slide is tough enough to handle public or private use making it a great choice for those that are looking for a quality addition to their home to slide into place.
