Kids will “whoosh” to the bottom of this 8-feet Deck Height Straight Tube Slide - Slide and Supports Only. The tube slide is designed to be installed indoors or outdoors making it a flexible piece of architecture. From the rotationally molded plastic to the galvanized steel posts and even down to the bolts that hold it together, the entire piece is commercial grade making it suitable for public use but extremely safe for private or even residential use. No matter how many times children come careening down the slide, it will be sure to stand strong for years. Given that it is so durable, we offer it in an array of plastic colors, including clear, and powder coat paint colors to make sure that you’ll be happy with your purchase for the duration of its life. Mix and match to come up with the perfect combination for your look.
