Children will come swooping down from above on the 11-feet Deck Height Spiral Tube Slide - Slide and Supports Only. Being a component, it is ready to attach to a building or related structure giving the user the ultimate freedom in design. The freedom pours into the color choices with the ability to customize it with any of our powder coat paint or plastic colors. The rotationally molded plastic can even be ordered in clear adding more layers of excitement to an already breathtaking ride. Placing the slide might be the most difficult decision as it is commercial grade making it suitable for indoor or outdoor use in both public or private settings that can include residential areas. It could be added anywhere from a museum, a playground, an indoor play area or even a home. It is sure to take wherever it is put from drab to wow!
