With an impressive range of features in a use zone of 36'x40', this recycled playground is sure to please. Just consider the delight that 36-40 kids aged 2-5 will experience as they use the wave slide, curve slide, or spiral slide. Imagine their fun as they dash back and forth between the platforms using the crawl tunnel or the straight tri-rung ladder. Imagine all that they will learn as they play with friends on the tic-tac-toe panel or explore the sign language clock panel. With two gable roofs over the tower areas, the Shawnee Swirl is the stuff of childhood dreams. With an ADA transfer station, it is entirely accessible, and with its lengthy warranty you know it is made to last for years to come. A lifetime warranty applies to the recycled legs, and 15-year warranties apply to many of the component parts. Make this one as colorful or as low key as you want, kids are going to love spending hours on this amazing play space.
