

Angeles Bye-Bye Bus 6-Passenger Grey Stroller Canopy

MSRP \$115.00

SALE \$104.00

Highlights:

- Plain gray canopy
- Weather resistant material
- Easily shades two children at a time
- Single center post

Are you out and about a lot with young children? Do you worry about the sun's damaging rays? Then the Angeles Bye-Bye Bus 6-Passenger Stroller Canopy is a great option for you. The canopies are sold individually and will cover one row of two seats on the Bye-Bye Bus 6-Passenger Stroller. The single pole canopy frame slides easily into place in the center of the row. The canopy is made of breathable Textilene fabric. The canopy is not only good for just keeping the shade off of children while riding, but it is also great for after unloading the children for an activity. The canopies will keep the sun off of the seats, helping to prevent burns when the children are loaded back up into the stroller. The Angeles Bye-Bye Bus 6-Passenger Stroller Canopy is a great investment, especially when you know you will be traveling outdoors with small children.
