

Standard Rectangular Picnic Table Classic

Price \$1,252.00

Highlights:

- Buffer edge around the perforation
- Six points of support under the tabletop
- Large amounts of leg room under the seat
- Completely connected design ensuring that the benches stay with the table

The classic rectangular picnic style has remained a highly used version of the table which is why the Standard Rectangular Picnic Table Classic is one to consider. The table features a “walk-through” design that connects the benches to the main tabletop and makes it easier to slide into a seat. With seats that are easier to slide into, even the smallest of the group will feel included and independent. The table frame is constructed from steel pipes that are either Standard, 1- $\frac{5}{8}$ -inch O.D., or Heavy, 2- $\frac{3}{8}$ -inch O.D.. The seats and tables are constructed from perforated steel to allow for drainage and airflow while lightening the overall weight. Comes with a beveled edge. All of the tables also come with thermoplastic coating on the seats and tabletops. The frame comes in either black or silver.
