Above the Horizon is a kid's dream come true. There are many ways to play on this versatile structure. The Snake Climber and Jungle Climber allow for easy traversal and lead children to each of the three slides. The Right and Left Turn Slides give children different experiences while sliding yet stay consistently exciting. If slow and steady is more your style, the mind-bending Space Exploration Panel, on the second level introduces the solar system with easy to read labels and doubles as an adorable astronaut. The activities continue at the bottom with the Rain Wheel and Single Drum when a tune is needed. The Arch Bridge connects to the Wave Slide that provides children with a bumpy ride that kids will want to ride again and again. The Above the Horizon play system is out of this world.
