COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Triple Crown Jewels play structure is designed specifically for ages two through twelve. Age-appropriate components and 4-foot deck heights include a variety of components connected by bridges including the Bones Bridge and Tube Bridge. Commercial-grade steel posts support the steel decking and all the little kids running around. A Number Climber offers children a game while climbing by using the numbers as steps in sequence among a variety of other options. Children can access a Tic Tac Toe Panel, Bubble Panel and Metal Barrier with Ship's Wheel from the elevated decks. The Wave and Right Turn Slide offer fun rides to the bottom that children will want to ride again and again. Each deck includes a Line Roof to cover. Like all plastic and metal components the Line Roofs are available in many colors to choose from. Patrons can customize the Triple Crown Jewels to their liking.
