

Early Years Square Picnic Table

MSRP \$1,311.00

SALE \$1,102.00

Highlights:

- Child sized to better accommodate them
- Great place for children to sit and play together
- Rounded or beveled edges make it comfortable
- Square shape allows for all four sides to be utilized

The Early Years Square Picnic Table provides an outdoor area for young child to learn, eat, make friends at or even rest. This set features a large 46-inch square top made from perforated steel. The seats and tabletop are available in a variety of gem-toned and natural hues like blue, green, red, black, brown, and tan. The tabletop perforations create escape routes for spills, paints, or whatever else ends up on the table. The table is 20-inches tall, with seats 12-inches high, making the picnic set ideal for young children. The table easily fits up to twelve children on its long benches that can seat three little people.. The 1-5/8-inch frame, complete with thermoplastic coated seats, is both durable and comfortable. It is an ideal choice for parks, schoolyards, businesses, and daycare centers. The Early Years Square Picnic Table is available for in-ground, portable, or surface mount.
