**Fall Height:** 72"

**Use Zone:** 29' 2" x 34' 5"

### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Yeehaw cowpokes! This bountiful system is ready for harvest. The Generous Harvest Play System keeps children of different sizes engaged and mobile with its clear garden or farm theme. Even at first glance, its charm is immediately noticeable in the Corn Roof, Corn Topper, and Tree Topper. The overall effect becomes the perfect catalyst for an imaginative adventure. Kids will be drawn in by its layout and will be kept entertained by its bushel full of activities. On the ground, the Store Panel and Bongos become part of a roadside stall where people play music as others buy fresh fruit and vegetables. The Leaf Climber makes each child a small bug on a corn stalk trying to reach the top. Once at the top, children will peer out of the farmhouse window of their imagination with the Bubble Panel. They'll rush out to the fields to harvest the vegetables of their labors on the Double Slide, Straight Slide, or possibly even take the corkscrew turns of the Spiral Slide to the ground below. Whatever farm adventure comes to mind will be enhanced by the cute structure that will be sure to put smiles on every child's face.
