

Rubber Mulch 75 cubic feet of NuPlay (Big Bag)

Price \$499.00

Highlights:

- IPEMA Certified and exceeds CPSC Guidelines
- 99.9% wire free
- Inhibits growth of molds and fungi
- Does not attract termites
- Made from non-toxic and environmentally-friendly materials

NuPlay Rubber Mulch is a great protective surface for commercial and public playgrounds such as at parks and schools. Unlike some rubber mulch, NuPlay is five times heavier than wood mulches, will not float, and does not absorb water. Like all commercial rubber mulches, NuPlay is 100% recycled rubber that maintains color after years of use outdoors. As the case with many of our products, NuPlay is IPEMA certified. An IPEMA certification confirms the product conforms with the standards set by ASTM and CPSC. Available colors include Brown, Red, Green, Black, and Blue. The unpainted mulch comes in natural black. The Big Bag is a great option for those with forklifts as the installation is simplified. Choose the 1.5 cubic feet small bag for a simpler installation by hand. With a Big Bag, the bag includes handles for forklift use. Simply hook the handles to the forklift and cut the bag around the bottom. The mulch will practically spread itself.

Be aware that mulch products cannot be returned or refunded for any reason. ALL MULCH SALES ARE FINAL. We would like to thank you for your understanding.
