COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Bumpy Roads Play System is a kids' road to an amusing playground. This unit's smaller size contributes to its appeal. It is perfect for smaller children who need a little coaxing into the world of playground equipment. Older kids will be able to find enjoyment in this system, too; making it an extremely diverse play system that leaves no one feeling unwelcome. The Single Drum and Ship's Wheel are low to the ground persuading children to experiment with them. To get to the top, a choice needs to be made. The Pebble Climber offers circular, staggered steps begging to be tried and the Inverted Arch Ladder adds an interesting twist to any climbing experience. Two Wave Slides exit on opposite sides of the Bumpy Roads Play System. Choosing which to ride is part of the fun. Children will be so thrilled with their first ride that they are sure to run up to try the other side without a moment's hesitation!
