COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Brewer's Hill Play System is balanced in design and activities. Almost a perfect square, the structure will fit nicely in a balanced space or take up only a corner of a larger space. Children will be thrilled with the mix of climbers that work from very easy to more challenging. The Ocean Climber eases younger children into climbing with its gently arched shape, creature hand holds and side rails. As children advance, the Sea Creature Climber combines a steeper, rolling incline with a variety of ocean animals and indents. The most advanced will revel in the challenge of pulling themselves vertically up the Pod Climber to the 4-foot deck. The Double Slide guides children back to the ground where a Rain Wheel and Bench Panel await them. For those that prefer the steps of the transfer deck or the Ocean Climber, the 3-foot deck features a Gear Panel. Order in Primary or Neutral color schemes for 1 - 2 week shipping times or choose to create your own color scheme from our selection of custom colors at 6 - 7 week shipping times.
