Use Zone: 33' 3" x 28'

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Maple Bluff Play System packs quite a punch. Fun, durability, and layout are the three aspects that are most evident in each level of the design. Starting at the ground level, imagination is bolstered with a simple Store Panel. For those with a more musical inclination, the Bongos and Single Drum are ready to be played. Kids can take the Figure Climber and Pod Climbers to the next level. Waiting overhead, the Tic Tac Toe Panel is ready to bring friends together for a competitive game. When a kid has had his fill, they can take a nearby slide to the ground to change up the scenery. Speaking of slides, the Double Slide is an obvious favorite with children. They can ride down alone or against a friend adding the excitement of trying to be first. The Maple Bluff Play System is available as quick ship from our in-stock items with 1-2 weeks shipping, in our Neutral and Primary color schemes. For custom color schemes, as they individually manufactured, they will take 6-7 weeks to ship.
