Boisterous fun is inevitable on the Hickory Ridge Play System. Designed to fulfill numerous children's desire for amusement, this particular structure hits everything out of the metaphorical park while staying in the literal park. It welcomes youngsters with various panels and slides that seemingly spill out of the unit. It has oodles of interesting activities ready to enthrall the curious. Kids can pilot a massive ocean liner with the Ship's Wheel attachment, become an ingenious engineer while experimenting with the Gear Panel's flurry of moving parts or even scale the face of a mountain while ascending the Rock Hole Climber. Let us not forget the crux of this unit, its excitement inducing slides. The Double Slide grants kids a chance to ride alongside a buddy or alone. The Hickory Ridge Play System is a special unit designed to scratch a kid's thrill-itch and excel at doing so.
