

Jensen Replacement Rubber Boot

MSRP \$32.00

SALE \$23.00

Don't spend money on replacing an entire tire swivel when it's just the rubber boot that needs to be replaced. The Jensen Replacement Rubber Boot is a convenient way to fix your tire swivel because it provides the specific part of the tire swivel that needs to be replaced, therefore saving you money and a hassle. The rubber boot fits all of Jensen's tire swivels, so it can be used as a universal replacement rubber boot. It is designed to last up to 5 years in optimal conditions, but regular maintenance checks are highly recommended to prevent any injuries due to damaged or worn parts. All of Jensen's products are tested for lead, phthalates, and tensile strength. The Jensen Replacement Rubber Boot is 5 1/4 inches long with an outside diameter of 3 3/4 inches and an inside diameter of 1 3/4 inches. It has a circumference of 13 inches.
