The Babbling Bounds Play Structure is a child's wonderland. Two exciting halves connected by a long Arch Bridge make this interesting play system easy to spot and irresistible to any preschooler. The Rock Hole Climber and Pod Climber incentivize advancing further into the unit. Once up top, there are many activities to consider. The three Straight Slides keep the traffic moving while ramping up the fun. If sliding isn't preferred, the Gear Panel and Bubble Panel will be sure to entertain even the most fickle of children. The fun does not stop on the ground level with five different activities to take part in. The Bench Panel, Single Drum, Rain Wheel, Bongos and Store Panel will keep things lively and varied; ensuring serious amounts of intense playtime. Good luck trying to pull kids away from the Babbling Bounds Play Structure once they have experienced it firsthand.
