Footprint: 12' 4" x 8' 1"

Use Zone: 24' 4" x 20' 1"

The Marvelous Mariner Pirate Tower 2 brings an ocean of fun to your playground. Its structure, supported on a central metal post, is made to look like the top of a mighty pirate ship's mast, complete with a crow's nest, riggings, and a flag on top. The crow's nest is the perfect vantage point for children to use as they survey the surrounding area. It even has a protective railing. Beneath that, there are four galvanized steel beams and a net platform, which can be reached by climbing up either of the blue nets on the sides of the structure. Kids can even climb up into the hanging red lounge nets and sit comfortably, or rock back and forth. These are just the highlights of this wild play system, and there are plenty of other loops and climbing ropes which children can use to navigate it. The colorful ropes and nets, along with the ship theme, offer the potential for limitless adventures.
