MSRP ~~\$547.00~~

SALE \$465.00

Highlights:

- Straight-forward and simple design
- Coated steel for strength and durability
- Extra large 15-inch seat for additional space
- Steel support posts on each end keep the look uncluttered

The Expanded Metal Sport Bench without Back is a perfect bench for any team and any sport with its solid construction and customizable features. No matter how big or small your team is we have a bench big enough for all of them, thanks to our wide range of different sizes. The seat has a layer of thermoplastic coating to create a strong and durable finish. This bench has a backless design that keeps the players upright and alert, ensuring that they will be ready to go the moment you decide to put them back in the game. This layer can be given a number of different colors, allowing you to match with your team, your uniforms, and your field. And with the option of permanent or portable mounting options, these benches will be there for your team on or off the field. Talk to us for more details.
