

MyTCoat 32 Gallon Steel Trash Receptacle Lid

MSRP \$180.00

SALE \$153.00

Highlights:

- Fits any 32-gallon MyTCoat receptacle
- Several color options to choose from
- Installed springs close lid door when not in use
- Tough metal dome keeps trash from blowing away

The MyTCoat 32 Gallon Steel Trash Receptacle Lid is a perfect way to upgrade your 32-gallon MyTCoat trash receptacle with a number of handy features. Easily attach it to the top of one of several compatible MyTCoat trash receptacles. As the highest and most noticeable point on the receptacle, this lid makes it easy for guests to see where to get rid of their trash. The opening of the lid is on the dome above the top of the receptacle and the 32 Gallon Plastic Liner (sold separately), allowing the entire trash can to be filled to its capacity. And, since the lid has a door which springs closed when not in use, it naturally keeps flies and scavenging animals out, and unpleasant smells in. Match your lid coating and lid color with your MyTCoat trash receptacle.
