

MyTCoat Honeycomb Steel Portable Frame Round Table

MSRP \$1,388.00

SALE \$1,181.00

Highlights:

- Round tabletop and matching curved benches
- Eight support posts with a central x-shaped brace
- Pre-drilled hole in the tabletop center to place an umbrella
- 2-inch powder coated galvanized steel tube frame
- Galvanized tubing creates the frame that supports the table

The Honeycomb Steel Portable Frame Round Table has a fun circular design and portable base that make it one of the best outdoor table options around. The sturdy sheets of steel which form the tabletop and seats have a pattern of rounded holes that match the shape of the table itself. The four benches even have a curved shape so that they form a ring around the table and each allows two people to sit comfortably facing it. Thanks to its shape and 46" table size, everyone sitting at the table will be the same distance away from its center, making it great for cards, board games, and other communal activities. The circular shape of the table, along with its portable base, allows it to easily be rolled to its destination. Two people can also easily carry the table while keeping it upright, thanks to its lightweight design.
