

MyTCoat Expanded Metal Deluxe Frame Octagon Table

MSRP \$1,390.00

SALE \$1,182.00

Highlights:

- Spacious metal tabletop and seats
- Wide, splayed legs for extra support
- Rounded bench and tabletop corners
- Seats could accommodate one or two people

The MyTCoat Expanded Metal Deluxe Frame Octagon Table offers a unique, sturdy surface for serving a wide variety of purposes. It would make for a great enhancement to outdoor venues that see either a large amount of casual gathering or dedicated dining. The octagon shape of the table surface means that everyone will be able to sit down without worrying about accidental brushing up against a harsh corner. This is a great structure for not only parks and playgrounds, but cafes, pools, and exterior bars. The table has four separate seats, linked to a central support under the tabletop, and each individually stabilized to the ground with either surface or in-ground mounting hardware. Multiple versions are available, including ADA compliant options for the two and three-seat variants. The Expanded Metal Deluxe Frame Octagon Table has a tabletop port where an umbrella can be added.
