

MyTCoat Expanded Metal Pedestal Frame Picnic Table

MSRP \$1,456.00

SALE \$1,238.00

Highlights:

- Clean, industrial look to the table
- Super sturdy with six support posts
- Comes in standard or ADA accessible configurations
- Can be mounted on concrete, grass, dirt, and a plethora of surfaces

The MyTCoat Expanded Metal Pedestal Frame Picnic Table is a robust outdoor table with separate benches. Its unique structure has two vertical columns supporting each of the two benches as well as the table. This makes each of them independently strong, and level. It also means that there isn't too much framework getting in the way of guests' legroom. There is nothing at all blocking the sides of the benches, making it easy to slide in and out of the seats. The six total legs can be installed with in-ground or surface mounting, making them appropriate for nearly any terrain. We offer six and eight-foot-long tables and benches and also offer the option to have some extra overhang on one or both ends of the rectangle. This creates spots where wheelchair-bound patrons can pull right up to the edge of the table.
