

MyTCoat Promenade-Style Umbrella

MSRP \$610.00

SALE \$519.00

Highlights:

- Protects from both the sun and the rain
- Solidly constructed to create a durable structure
- Top has a vent to allow airflow under the umbrella
- Box-like design that maximizes shade over square tables

Not only does the Promenade-Style Umbrella look great, but it is also an important way to help keep kids safe outdoors. No matter where you live, during hot summer months the heat and sun radiation can quickly become too much. It is important for children to periodically spend some time in the shade to cool off while they play. Thanks to this umbrella, they won't have to go back inside and can stay at an outdoor table while eating a snack, drinking some water, or playing a game. This can also make a nice shaded table for adults to relax in the shade and socialize. The umbrella pole can be fit through tables that feature a pre-drilled umbrella hole in the middle, transforming them into a shady paradise. This eye-catching umbrella has a stylish square design to cover your square table and is available in a wide selection of colors. Contact a sales associate for more details.
