The custom-designed Infinity Tricycles are the ideal mode of transit when racing around the signature Infinity Trike Paths. They're safe, robust, and stylish, with three wheels primed for speeds that provide the perfect level of excitement for older toddlers and young children. With two handles, a large seat, and low-resistance pedals, kids can feel secure and in control of their travels. Fashioned from commercial-grade plastic, these trikes are built to last. Best of all, these units can be easily stored in a custom-designed General Store, adjacent to the Trike path. Introduce your child to the thrill of their little lives with a brand new Infinity Tricycle today!
