Highlights:

- Suitable for any size dog
- Multiple items for dog care
- Provides a variety of physical exercises
- Activities offer differing levels of difficulty

Dog parks are a wonderful place to take dogs to socialize which is why MyTCoat has created the Large Dogs N Play Set. The set includes all of the equipment necessary to keep any dog entertained. For a nice warm-up, the kit has a Puppy Climbing Wall to get dogs to stretch their legs with a quick run up and then down the arched structure. Their exercise will continue with a run through the Puppy Tunnel. Then they are ready for some of the more advanced pieces of equipment. Step-by-step they'll get closer to jumping as they find their way across the Stepping Pads. They will finally be ready to tackle any of the three jumps included in the kits: the Three Hoop Puppy Jump, the Two Hoop Puppy Jump, and eventually the Puppy Hurdle. Owners will have the space necessary to unleash their pups and clean them up with the Leash Terminal, Puppy Spa Accessory Pad, and the Puppy Spa Table.
