

MyTCoat Puppy Spa Table

MSRP \$1,347.00

SALE \$1,145.00

Highlights:

- Perforated steel top for water drainage
- Steel square support post for extra strength
- Nearly 4-foot table top that can fit toys and large dogs
- Dog bone decorations on each corner and the center

The Puppy Spa Table from MyTCoat is designed to make grooming encounters less stressful as well as faster. One of the most difficult chores for a dog owner is grooming their pet. The table has dog bone decorations on the corners and center of the table to create a friendly and fun design. It is also elevated just enough so that Fido can jump up onto it and the owner doesn't need to grab a knee to even begin grooming them. The steel top is covered in a protective coating to keep it rust-free and looking good even after thousands of paws, small and large, have tread upon it. The Puppy Spa Table is mounted in-ground to provide a strong and stout foundation. It will withstand dogs big and small alike. A Puppy Spa Accessory Pad can be added to ease the process even further by providing a place to set your tools on.
