The Honeycomb Steel Ashtray Pylon by MyTCoat is a great way to keep cigarette butts from littering your area. Cigarettes and trash in your public space aren't just unsightly, they can be a health risk to the children and animals who are also in the area. With this ashtray, all your visitors will breathe easier and enjoy the clean look of the area. Place it in areas where smokers frequent to make the best use of the item and make it visible to those who will use it most. Smokers will not be unduly inconvenienced either since this attractive ashtray is very visible and easy to access. Beyond style, the pylon is also highly sturdy and stable, keeping the tray upright and steady, even in rough weather. The Honeycomb Steel Ashtray Pylon by MyTCoat can be portable or fastened down with anchor bolts (not included). Color and coating choices allow you to make this ashtray your own.
