

MyTCoat Surface Mount Clamps (Set of 2)

MSRP \$27.00

SALE \$23.00

Highlights:

- Strong yet affordable to purchase multiples
- Simple to install over most of MyTCoat's portable options
- Works only on hard surfaces like concrete, but not grass or dirt
- Can be added or removed at any point

Life is full of changes and it's not always possible to plan for the future. With these Surface Mount Clamps, you can be prepared for changes or initiate changes in your outdoor venue setup. MyTCoat's Surface Mount Clamps are designed to be used on portable tables or benches and render them permanent. This opens the option immediately if you are not sure whether to use a portable or fixed mount table to just get the portable and clamp to hold it in place if the need arises. There truly is no losing when you have the clamp because both options are always available with the clamp. Be sure to take a look at some of our portable tables and benches to compare them against some of our best permanently fixed options before making a choice.
