

## MyTCoat Expanded Metal Deluxe Frame Octagon Table with Rolled Edge Seats

**MSRP \$1,670.00**

**SALE \$1,421.00**

### Highlights:

- Smooth edge all around the tabletop
- Wide legged design gives it extra stability
- Central post floats slightly above the ground
- Added reinforcement under each seat and the tabletop

---

The Expanded Metal Deluxe Frame Octagon Table with Rolled Edge Seats is one of MyTCoat's finest models, combining some of its best available features. The strong bonded framework supporting both the seats and the table is capable of reliably handling use by occupants of all shapes and sizes. The curled edges on the seats make for a cozy perch and minimize the annoying abrasions that sometimes come from legs resting against more harshly angled edges. The octagon shape gives the whole structure a dynamic geometric appearance, and the carefully designed corners enable unimpeded movement by guests looking to quickly get in and out of the seats. This commercial-grade outdoor furniture unit is available in multiple versions, include ADA accessible models. Additionally, the center boasts a port for an umbrella to be installed if you're looking to add some shade to the recreation area. The tabletop and seats are covered in a thermoplastic protective coating that is available in either Industry Standard or MyTCoat's special Advantage styles. Coatings come in a spectrum of different colors. Please speak to a salesperson to learn more about currently available options.
