

MyTCoat Honeycomb Steel Portable Frame Octagon Table with Rolled Edge Seats

MSRP \$1,897.00

SALE \$1,613.00

Highlights:

- Rolled edges on seats and table
- Punched steel allows for water to flow through it
- 45 x 54-inch table top provides ample room for everyone
- Central support to place an umbrella for weather protection

Enjoy the day outside at your park or playground area with the MyTCoat Honeycomb Steel Portable Frame Octagon Table with Rolled Edge Seats. Curved bench edges help your legs rest without presenting any hard edges. The day is made brighter when you can sit comfortably without painful angles or hot-to-touch seats. The perforated seats and tabletop allow for air to flow freely through its punched steel keeping you cool. The perforations also add to the durability of the table as it allows water and other liquids to flow through it rather than settling in one spot. As the table is portable, it can simply be moved when it is in the way of guests or it can be combined with other tables for large gatherings. A pre-drilled hole in the center offers a place to put an umbrella through, keeping your patrons shaded and at the right level of comfort to keep them coming back in the future.
