

## MyTCoat Expanded Metal Portable Frame Round Table with Smooth Top

MSRP \$1,462.00

**SALE \$1,244.00**

### Highlights:

- Comes in 2, 3 and 4-seat models
- Available as easily movable portable unit or it can be surface mounted
- X-shaped brace in the center under the table for added stability
- Excellent table top for doing anything that involves small pieces or writing

The Expanded Metal Portable Frame Round Table with Smooth Top is a classic design that goes great in any sort of outdoor location. Like many of MyTCoat's other tables, its seats use standard expanded steel that allows for airflow, drainage, lighter weight, and an appealing look. This makes them sturdier and more than strong enough to hold multiple people at once. The top of the table, however, is made from a smooth disc of spun metal. This makes it especially flat and level as the centripetal force has made it perfectly balanced and eliminates any holes that small objects could fall through. The table even has a portable base that allows it to be moved from one place to another. For the final layer of protection, all of the expanded metal sections are thermoplastic coated and supported by the powder coat painted steel frame.
