Age Group: 2 to 5 years

Access Signs provide kids on the trike track with a deeper sense of immersion. Children will ride their tricycles one of the many unique path designs, decorated with various road signs to imitate the look and feel of driving on real town or city streets. Not only are these great tools for the imagination, they can help kids learn how to read and identify traffic signs. Access signs also come available in bundles of 6, as either portable or permanent in-ground installations.
