Age Group: 2 to 12 years

Use Zone: 21' 8" x 21' 8"

Children will learn true cooperation while trying to bounce on the 4-Seat Bounce Around. The Bounce Around is a circular disk placed over four springs with four seats mounted on long arms. The ricocheting motion of the structure allows children to develop core strength. As they ride, they will be engaging their abs and other major muscle groups to help them to stay on. The structure is multi-directional rather than being limited to a simple vertical motion. Children can bounce alone or with others. Use your inspiration and choose any of our twenty-two metal colors and twenty-two plastic shades for the item.
