---

What child doesn't spend time imagining being a farmer at some point? The Tractor is a great place for children to live out that dream. With a Tot Grab Scrambler in front, the tunnel is easy for any child to get into. After crawling through the tunnel, they will come to the steering wheel that can be spun to their heart's content. The rear has two easy to grip handles to help children climb in and out of the tractor. The chipper wheels give this piece of equipment a delightful air that will add to the atmosphere of any playground.
