Unit Size: 5' x 5' x 7'

The Pioneer Playhouse is a beautiful structure that looks great on any playground while offering children a fun and safe place to play. The design of this structure is made to look like a log cabin, with horizontal slats along all of the walls and on the roof. Its spacious design offers kids plenty of space to play, while the sturdy roof protects them from harmful sun damage and keeps the playhouse dry after it rains. The Pioneer Playhouse even has attractive flower boxes under each of its windows, allowing you to incorporate any colorful flowers you like.
