As your supplies get replaced or upgraded, your storage needs change. A Mod Box storage unit is the perfect way to accommodate your evolving storage needs, no matter what they might require. This sturdy container offers a considerable amount of storage space by itself and can be arranged alongside others in case you have even more objects needing elevation up off the floor. The boxes come with pre-drilled holes, along with accompanying bolts and wingnuts, so that you can securely fasten them in place in any arrangement, then detach and re-configure them at will. This Modbox storage unit measures 48 " x 12 " x 12 ".
