

Collapsible Garden Grid

MSRP \$202.00

SALE \$182.00

Highlights:

- Portable and easy to place in new areas
- Separates containers into 6 clear sections
- Makes it simple to grow a variety of things
- Provides a fertile teaching area

Assembled Dimensions: 47" x 23" x 3/4"

Divide your planter boxes or garden into separate compartments with this Collapsible Garden Grid. This useful tool splits the area around it into six square plots. Each of these compartments can be used to contain a different plant, making organization and labeling much easier. The grid rests on top of the soil, so it does not get in the way of the roots. During the winter, or whenever it is not in use, it can be collapsed for effortless storage. It has a 47-inch length and a 23-inch width, which makes it the perfect size to fit into our four-foot by two-foot planter boxes.
