Bring Little House on the Prairie to your own backyard or playground with the log-built, Kids Kabin. Crafted using recycled structural plastic, the beautifully-rendered cabin features bench seats, climbing options, and a unique roof embellished with celestial cut outs of the moon, little dipper, and star constellations. Kids can pop through the entryway in the cabin onto the landing and shoot down the slide, or run up and down the eco-chic stairs to a wide landing featuring forest-green handles and a detailed green archway. Artful accents and thoughtful details make this playtime gym a backdrop for hours of play and imaginative fun.
