Head outside for a picnic or snacktime—while staying safely in the shade—with our charming Picnic House: an idyllic spot to eat, connect and relax. Crafted from sturdy, 100% recycled structural plastic, the Picnic House is a dream for students and teachers who value time spent outdoors but don't want to sacrifice comfort and safety. The Picnic House features a scalloped, forest green roof with four mahogany-colored structural pillars and is both ADA accessible and easy-to-install. Plus, it pairs perfectly with our coordinating Picnic Tables and other playtime accessories. The Picnic House will instantly refine your community green space.

Picnic table sold separately.
