Age Group: 6 months to 5 years

Give toddlers their own place to grow and explore—all within a protected and contained space—with our innovative Tot House: a play accessory that fosters growth, cooperative play, and imagination. Built from 100% recycled structural plastic, the Tot House features a sturdy deck with low walls that serve as extra seating, plus rounded corner seats from which parents and caretakers can supervise the action. With the addition of our ramp, the Tot House can be made ADA accessible, making it suitable for children of all ages and abilities. It also includes a unique, scalloped roof design and is constructed with stainless steel hardware.
