- Invites children to engage in pretend

Age Group: 6 months to 5 years

Our Tipi and Scalloped Covering provides children with a beautiful, imaginative space through which they can explore the legacy of our First Americans, transporting them to the Great Plains. Designed to echo traditional Native American dwellings of the region—crafted from stretched bison pelts—our Tipi strives to add an air of authenticity to any play space while providing a comprehensive educational tool for teachers and caregivers. Its presence in any classroom offers educators the opportunity to lecture about issues of tolerance and cultural appreciation while allowing kids to "live" the past. Made from 100% recycled structural plastic, heavy-duty outdoor fabric, and stainless steel hardware.
