Transform your backyard or playroom into a five-star kitchen fit for a master chef—or three!—with the Corner Kid Kitchen. This comprehensive set features classic blue accents and includes a complete meal-making station. Children will take turns using the set's two sinks (one with a pump and reservoir), oven with dual shelves, overhead microwave, refrigerator with windows, and ample storage and counter space to fit all of their food accessories, coffee cups, and play utensils. Chefs-in-training can create sweet treats like no-bake cookies, or host imaginary dinner parties. All of the kitchen components can be purchased separately as stand-alone items, or combined and fit to our standard modular post and deck system. Made of 100% recycled structural plastic, the Corner Kid Kitchen will last through years of heavy-duty play. Award-winning recipes not included.
