Organize your life or workspace in a sleek, streamlined way with our Modular Cabinets. Designed to complete our Mud Kitchen set with several combinations, or perfect on their own, this set features a countertop and shelf, crawl-through open cabinet, or a corner cabinet with a single shelf. The unit is designed from 100% recycled structural plastic and contains stainless steel hardware. Created to optimize your work, play, and living spaces, these shelves are highly customizable depending on your individual needs, keeping your items safe and secure without sacrificing style. ADA accessible, they're designed for people of all level abilities and ages.
